WE'RE ALWAYS THERE WHEN YOU NEED US.
NOW, WE NEED YOU.

Dear Friends and Neighbors,

When the alarm sounds, you count on us. Whether it's a fire threatening your home, a medical emergency involving someone you love, or a serious accident on our roads, you expect help to arrive. **No matter the hour, no matter the weather, no matter the circumstances, we answer that call.** Today, we're asking you to answer ours.

The Edinboro Volunteer Fire Department has proudly served this community for generations. Our dedicated volunteers give their time, sacrifice moments with their families, and put themselves in harm's way to protect yours. Dedication alone cannot keep our doors open, our apparatus running, or our firefighters equipped to respond. **The reality is simple: We can only continue to serve the public if the public is willing to support us.** The cost of providing emergency services continues to climb. Equipment, gear, training, vehicle maintenance, and medical supplies are essential expenses that cannot be avoided. While our commitment to this community has never wavered, the financial challenges of maintaining that commitment have never been greater.

We are asking every household to participate in our 2026 Annual Fund Drive. Whether you can give $25, $50, $100, or more, **your donation matters.** Our plea is that everyone will give *something*. Please don't assume your neighbor will carry the responsibility for you. Emergency services protect every family, every home, and every business in our community. Supporting them should be a responsibility we share. **Please take a moment right now to complete and return your donation card.** Don't set it aside. Don't wait until you need us to recognize how much we need you. Your generosity today helps ensure we'll be there when tomorrow's emergency becomes yours.

There's another way to support us, and enjoy something special in return! Engine House 39, our private social club, exists for one primary purpose: to support the Edinboro Volunteer Fire Department. To our current members, thank you for your continued loyalty and support! If you're not yet a member, we invite you to join us. Engine House 39 is more than a place to enjoy great food and drinks at an exceptional value. It's a place to gather with friends, meet neighbors, enjoy entertainment, and experience the welcoming community atmosphere that makes Edinboro special. Every visit helps support the emergency services that protect our community. You'll find a membership application on the reverse side of your donation card. If you're not already a member, we hope you'll join us and experience Engine House 39 for yourself!

When you need us, we'll be there. **Today, we're counting on you to be there for us.**

With sincere gratitude,

Jason Dahle, Fire Chief
Daryl Parker, President
